Creates an exciting two layer effect with elegant lines of bold accent colours on a dark background.

> Crea un efecto fascinante de dos capas con líneas elegantes de colores de tonos vivos sobre un fondo oscuro.

> Die eleganten Linien in kräftigen Akzentfarben vor dunklem Hintergrund kreieren einen spannenden Zweischieffekt

> Ses lignes élégantes rehaussent le fond sombre d'accents de couleurs vives, créant un étonnant effet de superposition.

> Een gelaagd effect met elegante lijnen in levendige accentkleuren op een donkere achtergrond.

Form dynamic floor plans with this playful use of bold colours which seemingly fade away into the distance.

> Forme planos de suelos dinámicos con este uso de colores vivos que aparentemente se difuminan a la distancia.

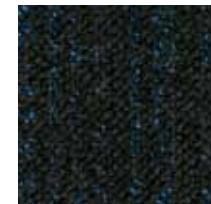

> Die spielerische Verwendung satter Akzentfarben, die aus der Ferne betrachtet mit der Basisfarbe zu verschmelzen scheinen, ermöglicht die Gestaltung dynamischer Fußbodenkonzepte.

> Une association ludique de couleurs vives semblent s'estomper au loin crée sur le sol un effet dynamique.

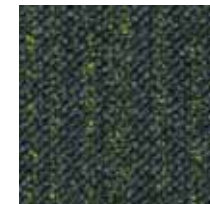

> Vorm dynamische vloerplannen met een speels gebruik van felle kleuren, die geleidelijk lijken te verdwijnen in de verte.

AirMaster®

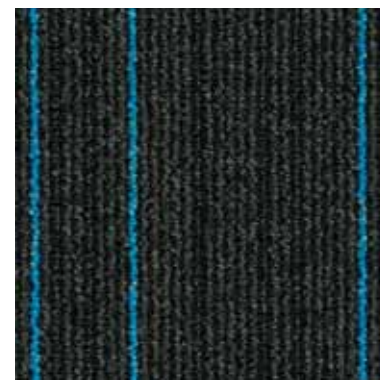

It has been proven by the German Allergy and Asthma Association DAAB that the burden from fine dust is significantly reduced when using carpet, as opposed to hard flooring. DESSO AirMaster®: innovative, award winning, patented technology, results in 8 times lower fine dust concentration in the air compared to hard flooring.

> La Asociación Alemana de Alergia y Asma (DAAB) comprobó que la cantidad de polvo fino se reduce significativamente al utilizar moquetas, en comparación con el suelo duro.
DESSO AirMaster®: Tecnología innovadora, premiada y patentada que logra una concentración de polvo fino en el aire ocho veces menor comparada con el suelo duro.

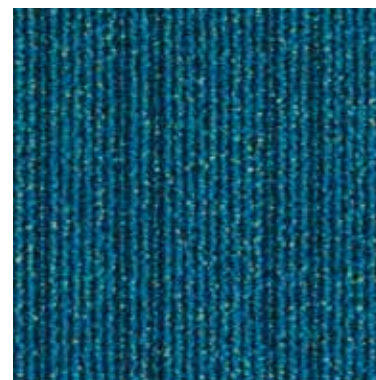

> Der Deutsche Allergie- und Asthmabund (DAAB e.V.) hat nachgewiesen, dass die Belastung durch Feinstaub im Raum deutlich reduziert wird, wenn Teppichboden statt Glattboden verwendet wird. DESSO AirMaster®: innovative, preisgekrönte, patentierte Technologie, die eine 8 Mal geringere Feinstaubkonzentration in der Raumluft erreicht als Glattböden.
> L'Association allemande de l'Allergie et de l'Asthme (DAAB) a démontré que la quantité de poussières fines dans l'air est considérablement diminuée par l'utilisation de moquette, en comparaison avec les sols durs. DESSO AirMaster®: une technologie innovante, primée et brevetée, divise par 8 la concentration dans l'air de poussières fines par rapport aux sols durs
> Een onderzoek van de Duitse Allergie- en Astmabond (DAAB) toont aan dat de schadelijke werking van fijnstof aanzienlijk minder is als er, in plaats van een harde vloer, tapijt wordt toegepast. DESSO AirMaster®: innovatieve, bekroonde, gepatenteerde technologie waarbij de hoeveelheid stofdeeltjes in de lucht 8 keer lager is dan bij harde vloeren.

About DESSO®

Desso focuses primarily on superior floor design and Cradle to Cradle®, in providing high quality carpet tiles and broadloom. It's commercial product offering, business carpets, represents more than half of total sales and can be found in offices, banks, retail units, public buildings, schools, universities and care centers. Clients include Allianz, Canon, EDF, HSBC, Porsche, Procter & Gamble, SNCF, Nestlé and many more.

Desso's innovation strategy is concentrated in 3 key areas: Creativity, Functionality and Cradle to Cradle®. For Desso, creativity is synonymous with CARPETECTURE®, which is a powerful example of Desso's commitment to creative carpet design and its dedication to meet the needs of architects, interior designers, building owners and end users. In the field of functionality, Desso develops pioneering solutions that make a difference for health, wellness and well-being. As a result of this innovation and creativity strategy, Desso has launched a number of patented products like DESSO AirMaster®, for 8 times lower fine-dust concentration in the air (versus hard floors), and DESSO EcoBase®, which enabled the world's first and only Cradle to Cradle® Silver Certification for an entire carpet tile product.

Desso Consumer Carpets is represented by three strong brands: Parade, Bonaparte and Desso. All with a rich history in manufacturing high-end consumer carpets where products are available through specialist retail traders, plus selected carpet stores and home furnishing shops. Desso Consumer Carpets is the only European high end consumer carpet company with sales in Benelux, Germany, France, Switzerland and Austria.

Desso's creative carpet design and service oriented approach means that it has become a leader in developing solutions for the Hospitality, Marine and Aviation (HMA) markets. Desso's HMA division works with companies such as Hilton, Intercontinental, Maritime, KLM, Virgin, Royal Caribbean Cruise Lines and Holland America Line.

Desso Sports Systems is a leading player in the provision of artificial turf for sports fields and reinforced natural grass systems that provide the perfect surface at every level of sport. Our product range includes DESSO GrassMaster®, a sports field of 97% natural grass reinforced with Desso synthetic grass fibres.

Cradle to Cradle®

In signing a partnership agreement with the Hamburg-based Environmental Protection Encouragement Agency (EPEA), Desso has become the first carpet manufacturer in EMEA to adopt the Cradle to Cradle® design. It marks Desso's radical decision to move beyond 'mere' sustainability in producing its carpets and artificial grass. In the Cradle to Cradle® principles, products are made from pure components that are easy to disassemble, in order to create new products (= up-cycling) in both the biological and technical cycles.

Today, Desso can look back on almost 80 years of proven performance, having built a reputation as a leading manufacturer of high quality carpet tiles, broadloom and artificial grass pitches. Desso has four factories and two major distribution centres in Europe, as well as specialist customer service centres throughout Europe, in America, Asia, Latin America, Africa, the Middle East and Australia.
